HREC knows how important reliable electric service is to our customers and we make every effort to prevent outages, however we cannot guarantee an uninterrupted supply of electricity. If your name is on our registry, we will, however, make every effort to notify you of any planned outages due to maintenance, repair or construction, so that you can make alternate arrangements to have sufficient back-up power to support your critical equipment.

After completing the form, please click the Submit Form button. You can also print the form and mail it in to HREC at the address below.
